PRESIDENT MAY BE ASKED TO END STRIKE

Want Him To Prevent Sending Of Federal Troops.

NEGROES TO TAKE THEIR PLACE

Disturbances Occurred Promptly When Work Was Started—Negro Non-Unionist Attacks a Non-Combatant and Cuts Him With Razor.

Chicago, May 1.—President Roosevelt may be formally asked to end the teamsters' strike here as he did the strike of the anthracite coal miners.

A resolution requesting the president to try to induce the employers of Chicago to arbitrate the issues which are now being fought out and so avert the bringing of troops to Chicago and check the talk of a general war between capital and the wage-earners is expected to be introduced in the Chicago Federation of Labor at a special meeting today. A petition to the president may be presented to him on his arrival in Chicago shortly.

Disturbances today in the Teamsters' strike began promptly. Trouble started near the Eighteenth street barns of the Employers' Steaming company.

Elinor Mulchay, a plumber, was attacked by a nonunion negro teamster and cut with a razor about the face and neck. Mulcahy was taken to the hospital. Mulcahy was walking by the barns on the way to his place of business when persons in a crowd about the barns, it is declared, began to jeer the nonunion negro teamsters. The nonunionists resentfully rushed into the crowd. Before police could interfere Mulcahy, who chanced to be nearest the negroes, had been fearfully slashed. His assailant was followed by a crowd throwing sticks, stones and other missiles, many of which struck the fugitive. The negro managed to run through a livery stable and escape.

Following the outbreak, 100 negroes employed as nonunion teamsters left the stables to begin work for the S. W. Farwell company. Two police patrol wagons and 100 policemen guarded the negroes.

The use of federal troops in Chicago to protect the handling of money for the United States treasury is in the hands of Colonel W. F. Duggan, acting commander of the department of the lakes. The latter is in abeyance, said Colonel Hunter Leggett, Colonel Duggan's secretary. "Colonel Duggan has received instructions to take the proper steps but there is no occasion at present for any troops in Chicago. If the strikers should attempt to prevent the moving of the bullion from the trains to the subtreasury, of course it would be necessary to bring an army wagon or two from Ft. Sheridan, possibly with a guard of one or two men to handle the money. At present we do not contemplate such a move and no instructions have been sent to the post. I understand that the teamsters have offered to continue driving the wagons handling government business with or without compensation during the strike, so that it looks as if even the presence of a government wagon will not be necessary. There is absolutely no truth in the talk of sending troops to Chicago now."

Texans To Take Strikers' Places.

Waco, Tex., May 1.—A number of men left here today for Chicago to take the places of drivers of express wagons made vacant by the teamsters' strike in that city. Several other Texas cities sent men to Chicago. Arrangements are being made by the express companies in Texas to send other men to Chicago for the same purpose.

After Trusts in Cleveland.

Cleveland, May 1.—The county grand jury today returned indictments against 11 members of the executive committee of the Cleveland Retail Coal Dealers' association, known as the local coal trust. They are charged with restricting trade, preventing competition and fixing prices in violation of the Valentine state anti-trust law.

JAPS A BLESSING TO KOREA.

That Country Is Undergoing a Wonderful Transformation.

London, May 1.—The Times' Pekin special correspondent visiting Korea telegraphs from Seoul that the country is undergoing a wonderful transformation. The reforms that the Japanese have already effected, the captain says, are unmixed blesings to the people, but are causing dismay to the emperor and his court. The emperor is cruelly disillusioned, but still hopes for the ultimate success of Russian power which fostered the worst influences of his barbaric reign. The conduct of the Japanese has been exemplary. Never before have Koreans earned such wages. Civilian Japanese are pouring into the country and it is estimated that they number 60,000. Already there is practically uninterrupted chain of Japanese settlements from Fusan to the Yalu.

Railway extension and other improvements have made remarable progress. Most of the foreign advisors have left the country and been succeeded by Japanese. The most difficult post of all, advisor to the the foreign office, is entrusted to an American, whose patience, tact and ability in reconciling conflicting interests have won praise from all nationalties. The Korean army has been reduced to a small palace guard; the Korean police have been suspended and a Japanese gendarmeria is policing the Seoul district. Never has the capital known such immunity from crime.

HEARST WINS HIS SUIT.

Sues Colleague In Congress for the Sum of $6,000.

New York, May 1.—Decision for the plaintiff has been rendered by Justice Vernon M. M. Davis, of the supreme court in a peculiar suit brought by Congressman W. R. Hearst against his colleague in the house of representatives, Charles A. Towne. Both men represent New York districts.

The action was brought by Hearst to recover $6,060 and interest loaned the defendant on a promissory note dated Feb. 16, 1901. The complaint sets forth that payment on the note has been refused.

The defense put in by Congressman Towne is that Mr. Hearst lent the money with an understanding that the borrower should write various articles for a publication owned by Hearst in Washington. The defendant declared he was not asked to write these articles, although he was ready to perform the services as agreed.

Justice Davis, in awarding judgment against Mr. Towne, says:

"The allegations of the complaint are substantially admitted by the answer and there are no allegations of new matter that amount to a defense. Under the circumstances the plaintiff is entitled to judgment."

WOMAN IS NOT GUILTY.

Jury Decides that Mrs. Noble Did Not Murder Husband.

New York, May 1.—It took a Long Island court and jury only a little more than six hours to try and acquit Mrs. Josephine Leighton Noble of the murder of her husband, Paton Noble. If all the witnesses had been on hand the speed record for murder trials would have been still further lowered. Those present accustomed to the procedure of New York county gasped in admiration.

Paton Noble was a police court clerk in Long Island City, a brother of Surrogate Dan Noble.

Mrs. Noble was accused of having shot him twice in their home, No. 15, Twelfth street, Long Island City, about midnight on Nov. 12 last, and was indicted for murder in the second degree. She said Noble was shot in a playful struggle for a pistol.

Fire at the White House.

Washington, May 1.—One of the chimneys of the executive offices of the White House caught fire today but practically no damage resulted. One engine responded, but the blaze was extinguished by a few buckets of water. Afterward a fire started in the open grates of the offices caused the blaze in the chimney.

ACTRESS IS SURE OF HER FREEDOM

Nan Patterson Talks To Newspaper Men of Her Case.

SHE PRAISES HER ATTORNEYS

Her Sister, Mrs. Smith, Also Receives Her Plaudits—Actress Is Confident She Will Be Given Her Freedom this Time.

New York, May 1.—Nan Patterson received a number of newspaper men in the prison today and talked with them freely regarding her case. The interview was arranged by her counsel but none of them was present at the meeting. During the talk she sat beside her sister, just outside the door of their cell.

Miss Paterson said she was thoroughly in accord with the decision of her counsel not put put in any defense. She thought it an eminently proper course. She praised the courage of Mr. Levy in daring to submit the case to the jury on the prosecution's evidence.

"I am not at all afraid of anything 'Midget' had said on the stand," she said as she placed her hand on her sister's arm. "To me Mr. Rand's action was more amusing than serious, knowing, as I do know that he offered 'Midget' her freedom if she would testify as he directed. Of course anybody would be nervous when one was so badgered as was Julia. Although he tried very hard he did not do me any harm—at least that is what I think. But did you ever see anything so shameful?" she continued, "as his offer to my sister her freedom if she would promise to testify against me?"

The sisters then embraced and then Nan said to her sister:

"Don't you think the same way, Mrget?" she asked Mrs. Smith.

"You bet I do," replied her sister. "They could not make me say anything that would hurt you, Nan. Anyhow there is not anything I could say that would hurt you."

Just then Mr. Patterson came in and both of the women embraced him and Mrs. Smith said:

"Here's a letter from the folks at home."

Then Nan showed him a picture, the original of a drawing. It showed Miss Patterson seated reading some letters. Instead of being behind bars, she was covered with a bower of roses. The drawing was by a woman and on the back of the sketch was written these words:

"May this transformation take place quickly."

Nan turned to the reporters and said:

"I feel sure that that picture will come out true."

Terrific Storm in Texas.

Austin, Tex., May 1.—Meager details have been received here of a terrific storm that passed over southwestern Texas last night and that the city of Laredo, located on the Rio Grande, suffered much damage with probable loss of life. Fifty houses are reported to have been blown down. Loss of life and damage is also reported to have occurred in Nuevo Laredo, on the Mexican side of the Rio Grande. The railroad dispatchers office in this city reports that it has information from the Mexicon side of the city that part of the town was damaged in the storm last night.

Counterfeiters in Philippines.

San Francisco, May 1.—John E. Wilkie, chief of the secret service is here on his way to the Philippines to investigate the counterfeiting of American silver coins. The work is supposed to be done by Filipinos and Chinese. It has grown to such an extent that the business of he islands is being seriously menaced. Chief Wilkie will organize a large secret force to break up the gangs of counterfeiters and on his way to the Philippines will stop over in Honolulu, where a branch of the secret service is about to be established.

GENERAL LEE PASSES AWAY.

He Never Recovered from First Stroke of Paralysis.

Washington, May 1.—General Fitzhugh Lee, United States army, retired and one of Virignia's foremost sons died at the Providence hospital here from an attack of apoplexy, which he suffeared early this morning on a train while enroute from Boston to Washington.

After General Lee had been removed to the hospital it was evident to the attending physicians that his case was a very serious one, but they believed that his strong vitality and will-power would assist materially in a partial recovery, at least, from the attack. His condition remained fair considering the severity of the attack during the day, but shortly after 9 o'clock he began to grow weaker and his pulse lower, terminating in less than two hours in death. The end was peaceful and without pain, the general remaining conscious until five minutes before he died. Half an hour before death General Lee recognized his brother, Daniel Lee, who came into the room for a moment.

In the room when he died were Dr. Montgomery, one of the physicians at the hospital; Miss Dorsey, a relative and a nurse, two of the attending physicians, Drs. Edie and Kean, having retired temporarily.

A pathetic feature of the case is that although General Lee had a family consisting of a wife and five children not one of them was with him at the time of his death. The general was 68 years of age.

RAILROAD MAN ACQUITTED.

Charged with Embezzlement, the Jury Finds Him Not Guilty.

Macon, Ga., May 1.—The jury in the case of the state against E. R. Henderson returned a verdict acquitting the accused man of the charge of embezzling $43,080 of the funds of the Macon and Birmingham Railway company. Within two hours after the charge had been delivered by Judge Felton, the verdict was made up.

All evidence was in, the argument closed and the jury awaited only the charge from the court when the session of the morning began. Two hours were devoted to putting the case before the jury. Within the next two the volumes of papers and books of the railroad company taken as evidence of the embezzlement had been gone over, the different point in the case had been discussed and the decision for acquittal came without dissention.

Solicitor General William Brunson nol prossed the charge of embezzlement against ex-General Manager Julian Lane late this afternoon.

BUBONIC PLAGUE IN CHILE.

Reports Say Condition at Pisagua Is Something Terrible.

San Antonio, Tex., May 1.—Passengers from Chilean ports, acording to an express special from Mazatlan, Mex., bring the first full information concerning the terrible ravages of bubonic plague in the city of Pisagua, Chile. For some time before their departure the deaths in Pisagua had ranged from ten to thirty per day, and the authorities were then unable to enforce burials. Corpses were thrown into the streets to decompose and spread contagion. This little headway had been made in the fight on the disease and it looked as if the entire population of that Chilean port might be wiped out by the plague. Many persons had been shot down by the soldiers on guard while attempting to escape from the stricken city.

Bust of Gen. Jackson Returned.

Boston, Mass., May 1.—A bust of General "Stonewall" Jackson which has been in the possession of Colonel John A. Bruce, of Brookline, for the past 40 years, was today sent south to be placed in the confederate museum at Richmond, Va. The bust formerly was the property of President Jefferson Davis, of the confederacy. In 1865 it was presented to Major General Drulus, of Massachusetts, who handed it over the Colonel Bruce.

FOUR ARE KILLED IN RAILROAD COLLISION

Special On the Southern Collides With Freight.

OGDEN PARTY WAS ON TRAIN

After the Collision the Wreck Caught Fire and One of the Cooks Is Supposed To Have Been Burned to Death. Several Others Hurt.

Greenville, S. C., May 1.—The special train bearing the Robert C. Ogden educational party ran into a freight train today just outside of Greenville. The engine, baggage car, library car and two dining cars were badly damaged.

Nearly all the party were asleep when the accident occurred. The passengers injured were in the dining car.

The fireman on the special train was killed, and Professor Henry W. Farnum, of Yale university, had his right arm broken and was severely cut and bruised. Mrs. Farnum was cut and bruised. Others hurt were:

Et. Clair McKelway, of the Brooklyn Eagle, bruised about shoulders by being thrown through the window of the dining car while he was breakfasting.

R. M. Ogden, secretary to R. C. Ogden, cuts and bruises.

Mrs. J. C. Thorpe, Cambridge, Mass., cut about face and shoulders and is badly bruised.

Several negro servants, cut and bruised.

After the collision the wreck caught fire and it is feared that one of the cooks in a dining car was burned to death.

Atlanta, May 1.—The Southern Railway offices in this city have issued the following account of the accident to the Ogden special at Greenville.

The special train of the Ogden party ran into a switch engine at 7:45 o'clock this morning just inside the limits of the railroad yard at Greenville. Three dining car help and one trainman killed. No passengers were killed, but ten were more or less seriously injured, the most serious being Professor Farnum, of New Haven, who had his arm broken.

The baggage car was completely demolished, two dining cars torn up and composite car a complete wreck. One sleeper was torn from its trucks.

FIGHT FOR SENATORSHIP.

Congressman Williams and Governor Vardeman Want the Place.

Jackson, Miss., May 1.—The announcement of Congressman John Sharp Williams at Hazlehurst last Saturday that he would be a candidate for the United States senate, followed by a similar announcement from Governor Vardeman at Greenwood on Monday, has caused considerable comment in political circles.

Senator Money is remaining consistently silent on the subject, and there seems to be no longer any doubt as to his intended retirement, despite the frequent assertion from unauthorized sources that he is not yet ready to retire to private life.

It is certain that neither Congressman or Governor Vardaman would be so actively organizing their forces at present unless they had assurances of the intention of Senator Money to retire. To all practical purposes the fight is on.

Alleged Lynchers Are Freed.

Lancaster, S. C., May 1.—Magistrate Caskey, at Lancaster, dismissed Burrell Truesdale, W. R. Belk, S. Frank Hough, S. W. Heath, John T. Stevens, H. J. Gardner, Dock Belk, Steve L. Gardner, Jr., John Holden and Steve W. Welsh, who were brought before him charged with complicity in the lynching of a white man named Morrison at Kershaw last October. The preliminary examination attracted crowds from the neighborhood, as all of the defendants are prominent men in their section. The solicitor in opening of court asked for postponement, he not being ready.

Tallahassee, May 1.—The House met Saturday morning, and much business was transacted.

Mr. Noble of Lake offered a resolution calling upon the trustees of the Internal Improvement Fund to report as to all special counsel employed by the trustees, time, purpose, names of attorneys and compensation received by them from 1855 to the present time. The resolution was adopted.

The following new bills were introduced:

Mr. Persons—For the relief of Columbia county, to reimburse that county in the sum of $650 for money spent for rent of armory for use of State troops.

Mr. Taylor—To fix and establish a legal and standard crate for oranges.

Mr. Stephens—To make valid deeds to real estate made by wife to husband.

Mr. Noble (by request)—For the extension of the time for the construction of the Alafia, Manatee & Gulf Coast Railway.

Mr. Buckman introduced a bill for the relief of Annabel S. Robinson and others.

General Jewell introduced a bill by request for the protection of orchards, groves and fruit trees from injury by scales and insects, and the establishment of a board of horticultural commissioners in each county.

Mr. Wilson—To change the boundary line between Hernando and Pasco counties.

Mr. Bryan's motion to reconsider the vote by which the resolution to prohibit oral explanations of votes was adopted, was, on motion of Mr. Bryan, laid on the table.

The motion in regard to a site for a governor's mansion, with several amendments, was adopted.

The amendment to the Constitution fixing the salares of Supreme Court Justices at $4,000, and Circuit Court Judges at $3,500, which was voted adversely several days ago, was reconsidered, and an amendment to place both at $3,500 was adopted. An amendment to make it $3,000 was lost, and the question recurring upon the passage of the resolution resulted in a vote of 38 to 14, being defeated for the want of the necessary 41 votes to carry a Constitutional amendment.

Mr. Wells' motion to reconsider the vote by which Mr. Buckman's bill relating to the compensation of circuit clerks as clerk and recorder failed to pass, was defeated.

Captain Johnston's bill requiring teachers of summer training schools and appropriating $2,500 per annum therefor for each of the next two years, was read the third time and passed 35 to 11.

After the passage of the Key West railway extension bill the House adjourned until 4 p. m. Monday.

ITALIAN HANGED FOR MURDER.

First Hanging as the Result of Vendetta in New Orleans.

New Orleans, April 29.—The crime for which Sam Aspara was hanged here today was the murder of Antonio Lucciano, one of a series of tragedies growing out of an Italian feud. The feud has cost between six and seven lives. It began on May 7, 1902, when Salcator Luciano, brother of Antonio, attempted to murder Charles Di Christina and Francesco Geneva.

Antonio participated in the shooting but no one was hurt. On June 11, Salvador was seated in the rear of his brother's grocery with Antonio Lucigi Luciano, a cousin, and Vincent Vutora when a crowd of men invaded the place armed with guns and knives. A desperate affray resulted in which Vuter and Salvador Luciano were killed and Joseph Gerrachi wounded. Gerrachi subsequently died. Antonio was arrested but subsequently released. He went to his home, where the body of his brother was laid out and saw Bartolo Ferrari standing over the corpse; gloating, he thought, over the bloody work of the night before. Antonio immediately invited Ferrari out into the back yard and killed him.

While Antonio was in prison his wife died from worry and shock.

Antonio was tried and acquitted. He resumed business and shortly thereafter Aspera called on him and gained his good graces. On Aug. 9, 1903, Luciano invited Aspara to go with him to a photographer's As they were going up the stairs Aspara shot Antonio in the back and killed him.

Aspara is the first man to hang in New Orleans for an Italian vendetta murder.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Romance of Port Arthur.

San Francisco, May 1.—Pressed into the Russian service as pilot at Port Arthur and kept from returning to his home for nearly a year longer than he had intended to be absent, Captain John B. Aulin has returned to find his wife divorced and the custody of their four children awarded to her. Explanations, a reconciliation and remarriage follew. He had returned with $25,000, most of which he made running the blockades before being impressed by the Russians. The lobe of an ear missing and a scar across his face tell of narrow escapes.

ASSASSINATION IN THIBET.

Rumors Are that Chinese Amban Has Been Murdered.

New York, April 28.—Another version of recent rumors that the Chinese amban to Thibet has been murdered is cabled to the Herald's correspondent at Pekin which says:

Four French missionaries have been captured by savage tribes in the vicinity of Batange, which is situated near the frontier of Szechuan and Thibet.

The Chinese assistant amban was murdered while trying to effect their rescue, and ti is reported that the missionaries also have been put to death.

The Chinese government refuses passports to foreigners for this part of the country, as it is not under effective control.

The memorial presented by Wu Ting Fang has been confirmed by an imperial edict abolishing punishment of the families and relatives of criminals. The edict also abolishes torture in the case of criminals and witnesses.

Why Suffer From Rheumatism?

Why suffer with rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

Woman Arrested for Horse Stealing.

Cordele, Ga., May 1.—A woman calling herself Mrs. Richard Row, and claiming Valdosta as her home, has been arrested here after making her way through a dozen cities in the state on the charge of stealing a mule at Rutledge, Ga., Saturday night. The arrest was made by Chief of Police Johnson and W. H. Tripp, just as Mrs. Richard Row entered the city limits. The woman is apparently crazy and since being locked up in the guard house has been talking wildly of murder. The charge upon which she is held comes from the publication of an interview with W. P. Wallace, of Rutledge, Morgan county, who claims that a fine mule was stolen from him Saturday night, and attached to a buggy stolen from Dr. Riden, of Madison.

OLD PEOPLE

Their Pains and Ailments

Any taint of the blood quickly shows itself with old people, and troubles, which a younger, more vigorous constitution holds in check, take possession of those of advanced years. A mole, wart or pimple often begins to inflame and fester, terminating in a sore that refuses to heal. Wandering pains of a rheumatic character are almost constant, the joints get stiff and the muscles sore, while sleeplessness and nervousness make life a burden. The natural activity of the body is not so great in old age and all the organs get dull and sluggish, failing to carry out the waste matters and poisons accumulating in the system and they are taken up and absorbed by the blood, rendering it weak and unable to properly nourish the system. There is no reason why old age should not be as healthy as youth if the blood is kept pure and strong. S. S. S. is purely vegetable and is the safest and best blood purifier and tonic for old people, because it is gentle but at the same time thorough in its action, purifying the blood of all poisons and foreign matter, strengthening it and toning up the entire system by its fine tonic effect. Almost from the first dose the appetite increases, the general health begins to improve and the pains and ailments pass away.

I had a severe attack of La Grippe, which left me almost a physical wreck. To add to my wretched condition, Rheumatism developed. In a short time after beginning S. S. S. I was relieved of the pains and have gained in flesh and strength and my general health is better than for years. I heartily recommend S. S. S. for all blood diseases.

Report of committees.

Adjournment.

Mt. Pleasant M. E. Church.

The Mt. Pleasant Methodist Episcopal Church, colored, which has been under course of construction for the past year, having been completed, a grand opening rally was held in that edifice all during Sunday, beginning at 11 o'clock and continuing until late at night. The rally was for the purpose of raising funds for partially defraying the expense of the church building and fixtures, and reports are to the effect that it was a grand success. The church is constructed of brick, and is one of the finest edifices in the city.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GENERAL MANAGER IS ACCUSED.

Henderson Denies the Embezzlement Charge and Blames Lane.

Macon, Ga., April 28.—For three hours E. R. Henderson engaged the jury in his statement relative to the charges of embezzling nearly $43,000 from the Macon and Birmingham railroad while he held the auditor's office.

With cool and steady nerve he declared he had never appropriated one dollar of the railroad's money. He admitted he had committed an error in manipulating the books, but declared that he did so at the orders of the general manager, who, he said, had used the money creating the shortage. He charged Julian R. Lane with high and reckless living and participation in bucket shop deals, and asserted that earnings of the railroad had been spent in family trips for the general manager to fashionable resorts. In many instances, he declared, he had furnished the money as auditor at the orders of Lane, and had been given no receipt. He said Lane had directed the discrepancy in the accounts, and always managed to keep the immense shortage from showing up on the books of the company.

Ex-Governor Hawkins Dead.

Nashville, Tenn., April 28.—Ex-Governor Nathan Hawkins died at his home this morning, aged 83. Mr Hawkins was one of the best known Republicans in the south and in 1886 was elected governor of Tennessee defeated Hon. John V. Wright, but two years later was defeated by the late Senator W. B. Bate. Mr. Hawkins was in 1868 appointed by Pesident Johnson, consul general to Cuba. He resigned that post in 1868 and was elected a member of the supreme court of Tennessee. Mr. Hawkins was a native of Kentucky. He was a presidential elector on the Bell and Everett ticket.

THE GOVERNOR'S HOUSE.

At the Saturday morning session of the House of Representatives, the special business before that body was Mr. Melton's bill to provide for the purchase of a site and the erection, building and furnishing of a mansion thereon for the Governor of the State of Florida, and making appropriation for the same and other purposes pertaining thereto, and an amendment offered by Mr. Melton, authorizing that the building commission shall be authorized and directed to inquire if there is at present erected any building which can be made to serve the purpose of a governor's mansion, and to further inquire as to whether Jackson Square (the square immediately south of the residence of President A. A. Murphree of the State College and built by the late Colonel John A. Henderson) belong to the State and can be used as a site for the mansion, was adopted.

Mr. Noble of Lake offered an amendment to limit the cost of construction of the mansion to $15,000. This amendment was defeated, and the bill was ordered engrossed for third reading.

The weather Saturday at Savannah was the hottest for April in nine years, the mercury going up to 90. The 86 mark was reached in Gainesville.

People who would read the daily papers understandingly during the summer, should buy a copy of Spaulding's Baseball Guide, and post up on the rules.

The English people will try and grow their own cotton. They are of the opinion that the British Cotton Growers' Association can supply both quantity and quality.

Some one who wanted to jar the President's self-conceit, has circulated the report that one of his ancestors was a member of the Pennsylvania Legislature.

Before we had many railroads in this country the government built a national pike from Philadelphia to St. Louis. If we had a few State roads in Florida it would not be a bad idea.

All the people who try to attempt to make sarcastic remarks regarding Andrew Carnegie must admit that he has shown more sense in the matter of his his niece marrying a man than most people in his circumstances would in marrying relatives to Noah Counts.

LEGISLATIVE NOTES.

In the House on Saturday Representative Wells of Hillsborough introduced a bill entitled "An act to provide for the taking of the census of the State of Florida in the year 1905."

The Senate bill in regard to the Key West railway came up in the House Saturday. Several amendments seeking a higher taxation for the road were tabled.

Mr. Stephens of Jackson offered an amendment that the provisions of the act as to taxation shall not be operative after thirty years, and that the first ten years after the passage of the act shall not be included in the said thirty years. A motion to table this amendment was defeated, 22 to 31.

Mr. Roberts of Monroe strongly opposed the adoption of the amendment, urging that it would endanger the consummation of the enterprise. Mr. Roberts depicted the longing and the need of the people of Key West and the lower east coast for a railroad. He referred to the fact that the new road was asking no grant of lands; that most of the concessions which it had asked had already been denied; that Monroe county's Senators and Representatives had never voted to deny any other section any aid asked toward securing a railroad for their section. His appeal on behalf of Key West was really the most eloquent plea heard in the House this session, and at its conclusion Mr. Roberts received continued applause.

Mr. Stephens replied.

Mr. DuPont of St. Johns spoke briefly and strongly against the adoption of Mr. Stephens' amendment, and the previous question being moved, the roll was called, and the bill passed, 34 to 13.

Those voting in the affirmative were: Messrs. Avery, Bryan, Buckman, Campbell, Canter, Carlton, Dorman, DuPont, Dyal, Hill, Jewell, Johnson, Julian, King, Knight, Knowles, McCallum, Matthews, Melton, Olmstead, Oven, Paul, Peaden, Pirrong, Rawls, Roberts, Rosborough, Taylor, Watson, Wilson of Hernando, Wilson of Jackson, Wilson of Lee. Those voting in the negative were: Mr. Speaker, Blanton of Taylor, Bradshaw, Crawford, Duval, Fillingim, Harvell, Herndon, Kirkland, Sledge, Smith of Hamilton, Stephens and Williams.

The State convention of county superintendents of public instruction will meet in Tallahassee on Tuesday, May 9th, when the needs of Florida's school system will be considered from the standpoint of the officials whose duty it is to administer the existing school laws.

Senator Taliaferro has won the favor of the people of Florida by his honest efforts to work for the best interests of the State. It must be a source of gratification to be thus regarded by his constituents.

A change of United States ministers in the Central American countries will be made. Why not adopt the plan of the Methodist conference? It would probably put a check on revolutions.

Special to the Czar: "So far we have succeeded in eluding Togo. By so doing we will avoid the effusion of blood."—Rojestvensky.

Verdict of Not Guilty.

Thomasville, Ga., May 1.—At 6 o'clock this morning the jury in the case of J. B. Barrow, accused of the murder of his mother-in-law, Mrs. Minnie Parish, on Dec. 29, brought in a vredict of not guilty. The jury was out for 15 hours. Barrow is an engineer on the Atlantic Coast Line and on the day of the tragedy attempted to kill his wife. Barrow had confessed the killing to several people and for this reason the verdict caused a sensation.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

Earthquake in Switzerland.

Geneva, Switzerland, May 1.—Earthquake shocks were felt here at 2:45 this morning. The inhabitants were somewhat alarmed and many of them rushed into the street, but the damage done in this city was very slight. The shocks were felt throughout the Santide valley and elsewhere. They were acompanied by subterranean rumblings. Some houses were damaged in the Canton Valers. The shocks apparently were more severe at Chamoix and in its neighborhood than elsewhere. Houses were cracked and some old monuments were badly damaged. The church at Argentiere was so shaken that its condition is dangerous.

Cannes, France, May 1.—Earthquake shocks were felt here and at Pontarlier and Gex, between 2 and 3 o'clock this mornig.

Meet in Interest of Good Roads.

Baton Rouge, La., May 1.—The national good roads convention was called to order by President Moore, of the National Good Roads association. He introduced Governor Blanchard, who made an address of welcome. Addresses were also made by President Boyd, of the University of Louisiana; Hon. Minor Wallace, member of congress from Arkansas; Judge Falconer, of Arkansas; J. C. Clair, of Illinois, and Walter Clarke, of Clarksville, Miss.

Pain in the Head

Is a danger signal, warning you that the brain nerves are exhausted—irritated, and are undergoing an unnatural strain.

Frequent and prolonged attacks of pain weaken the generative power of the nerve cells of the brain, and lead to loss of memory, melancholy, spasms, epilepsy, and frequently insanity.

When the brain nerves are weakened they are unable to supply sufficient nerve force to the nerves that control the lungs, heart, stomach and other organs, and these organs are thus robbed of energy, and unable to meet the demands upon them, and they get sick.

Stop the head pains with Dr. Miles' Anti-Pain Pills, and the influence upon your general health will be greater than you can realize.

"I want to tell you how thankful I am for Dr. Miles' Anti-Pain Pills. From a child I have been subject to sick headache, and never found any lasting relief until I received a sample of Dr. Miles' Anti-Pain Pills while in Geneva six years ago. By taking one it usually throws off my pain, so I can go about my home duties."

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

NON-CATHOLIC MISSION.

First Meeting Was Held Sunday Evening and Was Well Attended.

The mission for non Catholics, which is being conducted by Rev. P. J. Bresnahan, Diocese of St. Augustine, began in St. Patrick's Catholic Church Sunday evening, a good audience being present.

Father Bresnahan, who is a most impressive speaker, addressed the congregation on "The Conditions of Salvation, Faith and Baptism." A great deal of interest was manifested in his remarks.

This mission, as its name indicates, while being held under the auspices of the Catholic church, is not intended for Catholics, but for the purpose of converting those not Catholics to the Catholic religion. The meetings will continue every evening during the week up to and including Sunday at 7:30 o'clock. Everybody is invited to come and place their inquiries in the question box.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

Dr. Little is widely known as a church worker and lecturer, and is one of the most entertaining and instructive lecturers on the American platform. A great treat is in store for our people.

Dr. Little has visited in person the scenes of the great events in the life of the wonderful man he has chosen as his theme. Lord Gordon has been styled the greatest hero of the historic ages, and perhaps there is no character, either historic or mythical, the story of whose life is so instructive and inspiring.

The public is cordially invited. A silver collection will be taken up at the close of the lecture.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. Minister Bowen Called Home.

Washington, May 1.—Secretary Taft has received instructions from the president to call Minister Bowen, now at Caracas, to Washington; also to send Mr. Russell, now minister to Colombia, to Caracas, and Mr. Barrett, now minister at Panama, to Colombia. It is stated that if Mr. Bowen's action relative to the charges affecting Assistant Secretary Loomis are not subject to criticism, it is the president's purpose to send him as minister to Chile and then probably as ambassador to Brazil.

Negro Dies on Gallows.

New Orleans, May 2.—Jules Valentine, a negro, was hanged at Donaldsonville Friday. One morning last September Valentine entered the home of W. C. Haslip, at Donaldsonville, bent on robbery. He accidentally aroused Mrs. Haslip and to quiet her struck her a terrible blow in the face knocking her left eyeball out of its socket and forcing its subsequent removal. Valentine was chased, captured and confessed. Lynching was threatened, but a special term of court was held and the negro convicted.

Growing Aches and Pains.

Mrs. Josie Somner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhœa, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month.

"My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

TRIBUTE TO AMERICAN STAGE.

Noted Divine Declares Joseph Jefferson a Consecrated Priest.

Chicago, May 1.—In a glowing tribute to the American stage, Dr. Emil G. Hirsch has declared that Joseph Jefferson was as much a consecrated priest of God as any minister in any faith. His pulpit was his stage, and for three generations he had worked for the betterment of the world.

Dr. Hirsch's tribute came at the close of his lecture in Temple Israel in which he discoursed upon "Laughter and Those Who Make Us Laugh." The man who does not laugh is despicable," said Dr. Hirsch, "and it is the jealous, envious, deceitful hypocrit that does not laugh. Those that make us laugh fully serve their purpose in life and the world is better by [illegible] for their being. The stage is elevating. For three generations a great Rip Van Winkle made us laugh. He lifted us from cares and made us see things in a better light. He is passed away and his will be the kingdom of heaven. He was in truth a consecrated priest of the Almighty God; his stage was his pulpit and when he occupied it the theater was the temple.

"The stage presents to us life from all its aspects and therefore, its pictorial eloquence opens our eyes to deeper realities. The true stage will never recognize the vile—the pure who enter the theater shall leave it as pure as they were when they entered. Life is not all in Sunday school."

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Sold by J. W. McCollum & Co.

NOT GUILTY OF MURDER.

Atlanta Man and Woman Freed of Serious Charge.

Atlanta, May 1.—John A. Harrison has been acquitted of the murder of W. R. Wigner and a formal verdict of "not guilty" has been placed on the records of the criminal branch of the Fulton superior court in the case of Cora Falta, the woman jointly indicted with him on the same charge.

When court convened Judge Roan instructed Solicitor Hill to open and read the sealed verdict placed in the hands of the sheriff by the jury on previous night. This verdict read "not guilty."

Solicitor Hill stated that as long as the jury had acquitted Harrison, it was useless to try the woman's case, and he asked that a verdict of acquittal be entered on the minutes in her case also. This was done.

After this action had been taken Judge Roan adjourned court for the week. He will hear no more Fulton county criminal business for several weeks.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

SPOTTED FEVER IN GERMANY.

It has an Intimate Connection with Influenza and Pneumonia.

Berlin, May 1.—An intimate connection between influenza and spotted fever or cerebro-spinal meningitis, now epidemic in Germany, is surmised by some German investigators of causes of the disease.

Scientists appear not to be fully satisfied that the bacillus is present in pneumonia.

So-called Pfeiffer baccillus which causes influenza has been discovered in a number of cases of meningitis. The epidemic latterly has assumed a more serious form in Silescia. In the Beuthen district out of 28 cases 21 deaths were reported for the week which ended April 26, and in the Kattowitz district last week there were 47 new cases and 27 deaths.

Sporadic cases are now reported daily from nearly all parts of Germany.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. ANTI-CIGARETTE LEAGUE.

Full Organization Has Been Formed and Officers Elected.

A number of youths of the city, ranging in age from ten to sixteen years, have organized an Anti-Cigarette League, and have taken an obligation never to use the deadly cigarette.

At the last meeting of the League a full and complete organization was made, and the following officers were elected for the ensuing term:

C. A. Pound, president; F. Merchant, vice-president; R. Albright, secretary and treasurer; B. Douglass, janitor.

A committee on drafting constitution and by-laws was appointed comprising Joseph Shands, Douglass Perry and Chas. Simpson. This committee will make its report at the next meeting, which will be held Friday.

There were fifteen present, and a great deal of enthusiasm and interest was manifested at the meeting.

The League will meet once a week, on Friday evenings, in the rest and reading room of the W. C. T. U., East Court street.

JUDGE MASON'S COURT.

Two Negroes Arraigned for Gambling Sentenced by County Judge.

Deputy Sheriff L. E. Story of Windsor brought to this city Mose Williams and George Hightower, who were arraigned in Judge Mason's court upon a charge of gambling, Monday.

Hightower pleaded guilty as charged, and was assessed to pay a fine of $1 and costs, aggregating $10.85. Williams was not so fortunate. He denied his guilt when placed upon the stand with the result that a hearing was necessary, and the court adjudged him guilty and fined him $10 and costs, or three months in the county "gang."

Hightower paid his fine and was released.

Ocala Ball Team Trounced.

Gainesville's colored ball tossers beat Ocala in a walk yesterday afternoon before a large and orderly crowd. The game opened with Ocala at bat, a blank being the result, Gainesville scoring eight runs. Ocala's team never smiled again, and at the finish the score stood 27 to 4 in favor of Gainesville. They hit the ball at will and stole bases with the utmost audacity. Several fine plays were made, and Gainesville's battery—Smith and Sapp—did fine work, while Knox and Porter for Ocala seemed a trifle weary, and played as though they were working for the city.

Another game will be played this afternoon, when Ocala will have a stronger team, and the game will be more of a contest. James Carolina will again umpire. Manager Player has a number of good players in his team.

Dr. E. H. Armstrong Coming.

Dr. E. H. Armstrong, the well known eye specialist and optician of Jacksonville, is making a professional tour through the State and will be in Gainesville June 30 to July 1. Full notice of his visit with name of hotel at which he may be seen will appear in later issues. The Doctor has no agents but will be here personally. Keep the date in mind.

Its effects upon myself have been a marked benefit. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.
